

# 1-866-829-1086 Southwest Airlines Bangkok Office

There is **no official Southwest Airlines office (corporate, ticketing, or customer service)** located in Bangkok, Thailand. Southwest Airlines is an American airline headquartered in **Dallas, Texas**, and it does **not maintain a local office or staffed ticketing counter in Bangkok** or at **Suvarnabhumi Airport (BKK)** as part of its global presence. For official support and reservations, Southwest relies on its central global contact channels (website, app, and call centers), not local offices abroad. ([Flight Terminal Info](#))

## Airport Information Often Misleading

- Some travel or airport directory sites mention “**Southwest Airlines Bangkok Terminal (Suvarnabhumi Airport)**” with a number like **1-800-435-9792** (the U.S. customer service line), but this refers to general flight/airport info — **not a Southwest-operated office or ticket counter in Bangkok**. ([Flight Terminal Info](#))
- Any phone numbers shown for Bangkok or Thailand in these listings are generic or refer to the airport, **not an official Southwest office address or local Southwest support team**. ([Flight Terminal Info](#))

## How to Contact Southwest from Bangkok

Since no local Southwest office exists in Bangkok:

- **Official Website & App:** Use the official Southwest Airlines site ([southwest.com](http://southwest.com)) to manage bookings, check flight status, make changes, and access support. ([Flight Terminal Info](#))
- **Customer Service Phone (U.S.):** +1-800-435-9792 — the main customer service/ticketing line used globally, though international dialing costs may apply. ([Flight Terminal Info](#))

## Clarification

- Even if travel sites list “Southwest at BKK Terminal 1,” this usually refers to airport terminal information or how to contact the airline’s U.S. support number — **not a local Southwest office staffed in Bangkok**. ([Flight Terminal Info](#))

## Summary:

 No official Southwest Airlines office exists in Bangkok.

 For support or reservations from Thailand, use **Southwest’s official global contact methods** rather than expecting local office assistance. ([Flight Terminal Info](#))
