Barcelona Office

Southwest Airlines does *not* have an official standalone corporate, ticketing, or customer service office in Barcelona. Southwest, a U.S. based airline headquartered in Dallas, Texas, does not operate local ticketing/sales offices in Barcelona or elsewhere in Spain as part of its standard international network. Official support and reservations are provided through centralized global channels — website, official customer service phone numbers, live chat, or mobile app — rather than a local office in Barcelona.

Barcelona Airport Presence (Not an Office)

- What many listings refer to as “Southwest Airlines Barcelona Office” *actually means* the **Southwest Airlines terminal presence at Josep Tarradellas Barcelona–El Prat Airport (BCN)**. This describes airline operations such as check-in, passenger service desks, and flight counters at the airport, **not a dedicated corporate or sales office**. ([Terminals Guide](#))
- Southwest flights (or references to service counters) relate to airport terminal facilities at **08820 El Prat de Llobregat, Barcelona, Spain (BCN)**, but this is **airport operational info, not a documented Southwest office with local staff and contact details**. ([Terminals Guide](#))

Phone & Contact Info for Support (from Spain)

Since there's no physical Southwest office in Barcelona, the best ways to get help are via Southwest's official support channels:

- **Southwest Customer Service – International (Spanish support):** A dedicated Spanish contact number is sometimes listed for support from Spain (e.g., +34 80-000-9026 for Spanish-language phone assistance). (VPLT.ORG)
- **U.S. Customer Service:** +1 800-435-9792 — the main Southwest reservation and support number (international charges apply if dialing from Spain). ([Terminals Guide](#))
- **Official Website / Live Chat:** Manage bookings, changes, and support at **southwest.com**; Spanish language options are often available. (faresjungle.com)

Summary

-  There is **no official Southwest Airlines local office** in Barcelona, Spain.
-  References to Southwest in Barcelona largely point to **airport terminal operations at BCN**, not a corporate or ticketing office.
-  For reservations and customer service from Barcelona or elsewhere in Spain, use the official Southwest contact numbers and support tools. ([Terminals Guide](#))
