1-866-829-1086 Southwest Airlines Jakarta Office

Here's the **current and reliable information about a** *Southwest Airlines office in Jakarta, Indonesia*:

🇮🇩 Southwest Airlines Office in Jakarta

❌ **Southwest Airlines does** *not* **have an official corporate office, sales office, or ticketing branch in Jakarta or elsewhere in Indonesia.**
There is **no publicly listed physical address, office location, or local Southwest office** in Jakarta on the airline's official website or in verified airline office directories.

Southwest is a U.S.-based carrier and does **not currently operate scheduled flights to Indonesia**, so it generally does *not maintain local offices where you can walk in for services*. ([APSense](#))

📞 How to Contact Southwest from Jakarta / Indonesia

Since there's no local office, here are the best ways to get support:

📍 **Phone (International Contact)**

- **Southwest Airlines Customer Service: +1 800-435-9792** — This main U.S. support number can be dialed from Indonesia (international call charges may apply). ([APSense](#))

🌐 **Online Support & App**

- Use the **official Southwest "Contact Us" page** on the airline's website for options including live chat, email forms, and help with bookings or issues: https://www.southwest.com/contact_us/ ([APSense](#))

💬 **Social Media**

- You can also reach Southwest customer service via social platforms like Facebook, X/Twitter, or Instagram by messaging them directly. ([APSense](#))

✈️ Airport Presence in Indonesia

There are some third-party directory listings mentioning **Southwest Airlines service counters at Indonesian airports** (like Bali's I Gusti Ngurah Rai Airport), but these are *generic third-party listings* and do **not mean Southwest actually operates there**. ([Airports Terminal Hub](#))

📌 Summary

- ❌ **No official Southwest Airlines office in Jakarta exists.**
- 📞 For reservations, changes, refunds, or support, contact Southwest **via international phone (+1 800-435-9792)** or **online through their official contact page**. ([APSense](#))
