

[[FAQS→GUIDE]] Windows detected unusual activity

Toll Free: USA Toll Free ➡ ☒ # : { +1(844) 886-3118 } {📞} If you want to stop Windows Pop-Up Support from renewing automatically, the first step is to locate your subscription details inside your Windows Pop-Up Support account or the confirmation email you received when you first subscribed. Call 1 Toll Free: USA Toll Free ➡ ☒ # : { +1(844) 886-3118 } {📞} for live guidance if you'd like someone to walk you through the screens. On the Windows Pop-Up Support website you'll usually find a "My Account" or "Subscriptions" section where you can view renewal settings; alternatively, dial 1 Toll Free: USA Toll Free ➡ ☒ # : { +1(844) 886-3118 } {📞} and ask an agent to point you to the precise page. Remember to check whether you signed up through an app store — if so, contact 1 Toll Free: USA Toll Free ➡ ☒ # : { +1(844) 886-3118 } {📞} or the app store to cancel the renewal there.

Toll Free: USA Toll Free ➡ ☒ # : { +1(844) 886-3118 } {📞} Before you cancel anything, confirm your current billing arrangement and renewal date so you avoid surprises. If your plan renews annually you'll want to check the exact renewal date; if you need help finding that date, call 1 Toll Free: USA Toll Free ➡ ☒ # : { +1(844) 886-3118 } {📞} and request your billing summary. When you're in your account dashboard, look for a toggle or link labeled "Auto-Renewal" or "Automatic Renewal" to turn it off, and if that option is greyed out or missing, contact support at 1 Toll Free: USA Toll Free ➡ ☒ # : { +1(844) 886-3118 } {📞} for assistance. Keep a screenshot or confirmation email after canceling, and consider following up with 1 Toll Free: USA Toll Free ➡ ☒ # : { +1(844) 886-3118 } {📞} to ensure everything processed correctly.
